Issues or Concerns:

Sheldon:

Sheldon Pahe is now currently placed at Catalyst Community Corporation group home as of July 8, 2026.

Estelle McIntosh reported that she found her hair rolled up in a towel, she reports that she asked Sheldon about it and he denied having to do anything about it. Later, Sheldon did admit to doing that. Since, then it has caused her to be uncomfortable as well as her family in the household. She stated that Sheldon has mentioned to her that he can do "witchcraft" on people and that he was taught to do that. Estelle stated that she had to have someone come to her home to pray for her and her family and the home. Estelle and the family later decided that they, as family had discussed, and decided that they no longer wanted to keep Sheldon.

I did explain to Estelle that we would have to address the issues to the court to get the Judge's approval, but Estelle continued to call and ask when Sheldon can be picked up for the past two weeks. Because of the urgency and the disruption of Sheldon. I went ahead and looked into a group home for Sheldon. Estelle did share that they talked to Sheldon and did explain to him that they still love and care for him. That they are still his Godparents. They are willing and able to help Sheldon with clothes if needed. They bought him a phone card before he left.

On July 8, 2026, he was picked up from Estelle Mactima's home and taken to the group home. Sheldon is currently at GAP Ministries in Tucson, where Chris Middleton oversees the child. Chris stated that he would be doing all the follow ups with Sheldon and taking him to his appts, school etc. He stated that he would be responsible for him. He reported that he is "Sub-contracting" with GAP Ministries. The home is for siblings/males/female home. The home that Sheldon is residing at has 6 bedrooms.

I was also informed that the mother Nina Noland had applied for clothing assistance for the boys. On I called the Education Department to make a report. They stated that if the name shows up, they will not move forward with any payments for clothing assistance. This information was reported by Estelle from the family, Abel Antonio.

Children's report:

Sheldon:

Sheldon is currently taking medications for diabetes. He is taking metformin. He also does have several other appointments scheduled with SCAHC. He has an appt on 7/16/26 at 1pm for Diabetes and 4pm for a follow up with pediatrician. He also has an appt on 7/16/26 at 1pm for Hand/Ortho appt. He also has an appt for 9/8/26 at 11am for ENT at SCAHC.

Sheldon is also being set up with services for counseling through a program, name, Clarvida.

Silas:

I was informed by Timothy Burnette that he no longer wants to keep Silas Pahe as well. I did explain to him that I would address the court. Timothy stated that he only thought it would be temporary not long term. He does wish to return Silas. I could place Silas with his brother Sheldon at the same group home, if needed but need the courts approval to do so.

Silas is currently attending the boy's group with Joel and Valentino with the Ndee Ba Gozhoo Program.

Zaiden:

Zaiden continues to reside with Leah and Jeremiah Weiberg. They do plan on enrolling him in boarding school. They stated that although he takes off from them and does misbehave that they don't want to give up on him just yet.

I did submit a referral for Zaiden to get counseling with Juliet Ben for his behavioral issues. They are setting up appts to get him to attend the "boys" group with Valentino and Joel. An appt slip was sent out for appt on 6/11/26 for an intake – no show. 6/16/26 at 10am – no show.

Parent's Report:

On June 3, 2026, I had re-submitted a referral for the Ndee Ba Gozhoo Program for parents to re-engage in services. Attempts were made to get them to come in for an intake to begin services. On June 22, 2026, many attempts were made to get the parent engaged in services. They made efforts to locate and engage the parents. The referral is now closed.

Father:

An appt was set for 6/9/26 at 10am – no show.

Mother:

An appt was set for 6/9/2026 at 10am for Intake – she didn't show.

She has not engaged in services. 3 attempts were made for scheduled appointments for intake assessment to be completed, but failed to do attend. Referral expired. She has not come forward to inquire about reunification for the boys.

Recommendations:

On behalf of the San Carlos Apache Tribal Social Services and in the best interest of the children, I am requesting for a change in placement for the reason that Sheldon was causing a disruption with Estelle and her family. I had placed him at the group home. I am requesting for a change in placement approval and to have a A&C order issued for the group home. I would like to also have the courts approval to transfer Silas Pahe as well to the same group home that his brother Sheldon is currently at. As for Zaide, to maintain current placement with Leah and Jeremiah. This is my recommendation, Thank you.

This concludes my report, Respectfully,

Lori Goode, CIP Case Manager
