SUPPLEMENTAL REPORT

Date: March 2, 2026

This supplemental report is submitted following the death of the children's mother, Danielle Thompson, on February 19, 2026.

Since Ms. Thompson's passing, disputes have arisen between paternal and maternal family members regarding custody and placement of the children.

The biological father Jessie Olivas, father of the Thompson and Olivas children, is currently incarcerated and is unable to provide care, supervision, or housing for the children.

The biological father Calvin Dazen, father of the Dazen children, does not have stable housing and is reportedly residing in an abandoned van. Mr. Dazen has not intervened or taken steps to assume custody of his children.

There are a total of seven children involved. All seven children have an established relationship with, and are familiar and comfortable with, their maternal aunt, Ms. Shiela Chase. In order to maintain sibling unity, stability, and continuity of care, placement with Ms. Chase is recommended so that all children may remain together.

Ms. Chase has demonstrated willingness and capacity to provide care and has taken proactive steps to ensure the children's needs are addressed. She is currently in the process of ensuring all children are properly registered and enrolled in school.

Placement with Ms. Chase serves the best interests of the children by providing a stable environment, preserving familial bonds, and minimizing further disruption following the recent loss of their mother.
