Kyrie Kindelay is an enrolled member of SCAT but not Walker and Jonessa, but may be eligible for enrollment.

Summary of Actions/CPS Investigations Conducted:

- Contact; Lisa Kindelay Department (In person contact)**

On June 23, 2026, Lisa Kindelay informed me that the mother, Alyssa McIntosh is now living and residing in the state of Colorado. Lisa has made numerous attempts to locate mother but was finally able to do so, today. Lisa has been struggling to enroll the children into school and get medical appointments for the children. Jonessa was supposed to have surgery back in February 2025, for dental, but needed legal documents and didn't have any. Mother is unable to locate and is not stable.

Lisa also expresses that she has cared for the two girls since birth and that mother was a young teen mother who was not able to provide for her children. Lisa has bonded with the girls and continues to care for the children.

Lisa reports that mother and the father have not been together and the mom had moved out of the home more than a year ago. When she left, she left the girls with her. Back in October 2024, is when the mother had left. She didn't get any of her belongings and just left the kids. Lisa also reports that prior to that, mother would leave the girls and not return for (3-4) days, and was gone every weekend on the binge. Mother has been dealing with her mental health, Lisa reports that mother tends to forget things easily. Reports that mother, got into a car accident and since then, things for her have been getting worse pertaining to the injuries she sustained from that accident. Lisa has safety concerns for the children.

Lisa has been caring for Jonessa Perry and Kyrie Kindelay.

Walker McIntosh is currently with, mother's sister, Lynessa McIntosh in #26 Tufa Stone with her Godmother. Phone No. 928-322-1355.

- **Contact; Lynessa McIntosh (phone call):**

On June 23, 2026, at 10:04AM, I called and spoke with Lynessa regarding Walker McIntosh. I asked her if he had the child in her care. She reported, yes. I asked how long has she had the child in her care, she reported that she has had him for 11 months. I asked if she has any legal documents. She indicated that she has a POA through SCAHC, but expires next month. She had asked the mother for a renewal but did not state anything about it and just brushed it off and it was never mention by mom if she was going to renew.

Lynessa has enrolled the child with St. Charles Catholic School for this new school year. He will be in kindergarten. He was enrolled previously with Rice Primary for Pre-K. Child is doing well in her care. He is anemic, low iron but goes to the hospital every 3 months. I asked her if she has communication with the mother often, she said about twice a week she does. I asked if she can give the mother a message to get a hold of me at social services regarding her kids, that I had some questions. Lynessa currently resides with her Godmother, Holly Victor.

Decision:

Based on my investigation, the children are in need of care, through tribal social services to monitor, and for the children to become wards of the court. For the best interest, that the children be wards of the court. Mother has left the state of Arizona and is now residing in the state of Utah, for Rehab. Mother has left her children and did not make proper notifications to the family that she was leaving out of state. She did not make arrangements for any power of attorney form or any such legal documents, or even a temporary guardianship for the children. The children are in need of school enrollment, tribal enrollment, and medical appointments to be completed for their health. Father, Kyle Kindelay does not have employment at the time, but has in and out of employment. He does make efforts to try and help. I am asking that this petition be filed, so that the children can get proper care and the family have legal documents to do so. Kyle is not on Jonessa's birth certificate. Grandmother has tried to get mother and father to sign her birth certificate.
